Subject: Article 29 – Contracting Out Notification

Dear Bruce:

This letter is to inform you that the Company intends to contract out the following work in BC when our internal resources are unavailable, or they are not efficiently able to meet business requirements due to location of resources, schedules, etc.

Tower Construction

Antenna and Transmission Line Installation

Electrical Work

Equipment Installation

Our intent is to continue to use internal resources when they are able to meet our business requirements, but due to our aggressive project schedules we must be able to quickly respond to peak or unplanned work that arises from new priorities driven by market conditions. For this reason we will contract out this work as required..

Please call me if you have any questions, I can be reached at 604-268-2347.

Yours truly,
