

USW Local 1944 Unit 63 Bargaining Update #3

MAP COMMUNICATIONS BARGAINING

Your Bargaining Committee would like to announce that we reached a tentative agreement with MAP Communications on March 1st, 2022 following talks on February 4th, 25th and March 1st.

As we stated in the Bargaining Update #2, after the Company tabled some concessionary items, the parties began to proceed with bargaining on the scheduled days.

After much discussion, the Company's concessionary proposals were removed and the parties agreed to the addition of a Domestic Violence leave and an improvement to your Life Insurance and Accidental Death and Dismemberment payout amount.

In addition, we were able to achieve adding the Truth and Reconciliation Holiday plus wage increases in each year of a 3-year agreement.

Unit 63 MAP Communications Bargaining Committee endorses this agreement and encourages members to support its ratification.

Further details will be sent to you about the ratification meeting process once they are finalized.

We thank you for your support!

In Solidarity,

Your Unit 63 MAP Communications Bargaining Committee
